

# Vision

*Enhance the potential and quality of life for all communities through sustainable use of water resources in the region and state with partnerships among a broad spectrum of stakeholders*

# Goals

1	Plan for appropriate levels of water storage, water sources, and long-term supply to meet anticipated need for local communities
2	Minimize adverse effects to local communities and adjacent regions, and, when possible, enhance, natural systems
3	Ensure that management practices support economic development and optimize existing water and wastewater infrastructure
4	Promote alternative technologies that conserve, return, and recycle water; protect water quality; and ensure adequate capacity for water storage within the Coosa-North Georgia region
5	Promote properly managed wastewater discharges
6	Educate stakeholders in the region on the importance of water resources, including water conservation, efficiency, and pollution prevention
7	Identify practices that reduce nonpoint source pollution and control stormwater to protect and enhance water quality and ecosystems in lakes and streams, particularly those in Priority Watersheds and listed streams
